

# Certificate

for the use of  
renewable energy

RhönEnergie Fulda GmbH confirms that the following property for  
the time period

**January 1st, 2026 to December 31st, 2027**

is supplied with green electricity, which is generated 100 % from  
renewable energies. The certificate guarantees that 100 % of the  
electricity stems from renewable energies. Electricity generation is  
documented via guarantees of origin (Herkunftsnachweise), which  
are validated in the German Environment Agency  
(Umweltbundesamt - UBA) register.
